## active minds

Active Minds is **the largest nonprofit in the United States mobilizing youth and young adults** to transform mental health norms across society. For more than 20 years, we have equipped the next generation of peer mental health advocates through a variety of programs, including the Active Minds Chapter Network, A.S.K., and Send Silence Packing. Our advocacy, initiatives, and campaigns foster lasting change in how youth view and discuss mental health, encouraging them to use their voices to influence broader conversations and inform mental health supports within their communities. Together, we are building a diverse movement of champions committed to improving mental health for all.

# SPONSORSHIP OPPORTUNITIES *Stand for youth & young adult mental health*
